

Cleaning Kit

For windows, doors and gates

Reno kit Alu

Use

Use on smooth powder coated surfaces (glossy, satin or mat): frames, windows, verandas, balustrades, garage doors, shutters, luminaries,... Shake well before use, use pure and applicate with a Duthoo Degreasing Cloth.

- 1. ALL ROUND CLEANER** - *Cleaning, degreasing, dedusting.* Wipe and clean the surface with a clean cloth. Antistatic effect. Neutral PH.
- 2. RENO-ALU** - *Renovate and renew.* Apply and rub until all stains/stripes are disappeared and there is no product left. Repeat if necessary. Neutral PH.

3. PROTEC-ALU - *Finish and protect.* Apply a final layer, rub until no product is left. Protects your powder coated surfaces against harmful substances (pollution, acid rains,...), facilitates the maintenance and protects against oxidation.

Reno kit PVC

Use

Use on frames, windows, verandas, balustrades, garage doors, shutters, luminaries... in PVC. Shake well before use, use pure and applicate with a Duthoo Degreasing Cloth.

- 1. ALL ROUND CLEANER** - *Cleaning, degreasing, dedusting.* Wipe and clean the surface with a clean cloth. Antistatic effect. Neutral PH.
- 2. RENO-ALU** - *Renovate and renew.* Apply and rub until all stains/stripes are disappeared and there is no product left. Repeat if necessary. Neutral PH.

3. PROTEC-PVC - *Finish and protect.* Apply a final layer, rub until no product is left. Protects your PVC surfaces against harmful substances (pollution, acid rains,...) and facilitates the maintenance.

Reno kit alu Structure

Use

Use on structured powder coated surfaces (glossy, satin or mat): frames, windows, verandas, balustrades, garage doors, shutters, luminaries... Shake well before use, use pure and applicate with a Duthoo Degreasing Cloth.

- 1. ALL ROUND CLEANER** - *Cleaning, degreasing, dedusting.* Wipe and clean the surface with a clean cloth. Antistatic effect. Neutral PH.
- 2. ALU CLEANER CREAM ST** - *Renovate and renew.* Apply and rub until all stains/stripes are disappeared and there is no product left. Rinse off with hot water or a magic sponge. Repeat if necessary. Neutral PH.
- 3. ALU STRUCTURE PROTECTOR** - *Finish and protect.* Do not spray directly onto the surface! Mix and apply a small amount of product to the applicator cloth. Then apply to the surface and rub in until the product becomes invisible. Protects your powder coated surfaces against harmful substances (pollution, acid rains,...), facilitates the maintenance and protects against oxidation.
